

## **Before Intervention**

The boy named Papun Mahakud Son of Shri Rabinandan Mahakud, belongs to Talachampey Village of Kendujhar District.

He is a Quadriplegia Cerebral palsy child. He is the only child of his parents. He belongs to a very poor family. His father is a daily labour by profession & mother is a house wife. After birth he had delayed birth cry. In birth time his colour is yellow. He had delayed developmental milestone.

The awareness camp of SADBHABANA held at Talachampey village in the year 2017 the child was identified by the team member of Sadbhavana, Keonjhar district. His parents convinced by our team members & then came to our centre with their child.

## **During intervention**

When papun was came to our centre he was suffered from involuntary movements, weakness in B/L, U/L & L/L. B/L knee slightly flexed, chest forward, neck extended, shoulder dropping,

He was having difficulty in ADL Activities & walking difficulty in getting up from bed properly. He was unable to one leg stand, difficulty to run, jump etc.

Our physiotherapist diagnosed him with as a case of Cerebral palsy Quadriplegic given therapeutic treatment for that. in which spinal adjustment, stretching of tight structure like B/L hamstring, calf, Quadriceps, Bicep, Tricep, TA are given, Strengthen the abdominal, pelvic & Quadriceps, muscle, Physio ball Exercise was done along with theraband & weight cuff. Gait training was done the help of Parallel bar.

When papun was came to our centre he was unable to write his name address, calendar, calculation, time, money exchange etc. Are also unknown to him before reached him he was going to his village school. Actually the fact is that his name was in the school but the boy couldn't wish to go to the school to attend his class due to the non acceptance of him most of the time they criticized the child & also laughed at him. That's why papun's wish for getting education is low day by day. His confidence level was also decreased. He thought that I can do nothing. After came to our centre our special educator's 1<sup>st</sup> try to build his confidence level that you can do every thing like the so called normal children by regular counselling. After that they provide him education like write his name, parent's name, address, calendar identification, money exchange, calculation, time, 12 month's name, days of the week etc. These skills are taught to him by doing different activities in different situation, place etc.

## **After intervention**

After physiotherapy treatment his involuntary movement decreased significantly standing & walking tolerance has been improved. Now Papun is able to ADL Activity independently.

After given Special education to him now Papun can write his name, parent's name, address, calculation, time, 12 month's name, days of the week etc. He can able to do money exchange, calendar identification, time, calculation roll play of selling & buying different products from a shop etc. Now Papun is able to get general education. with the efforts of our organization the child was admitted in class 8<sup>th</sup> at Raisuan govt. High school, Keonjhar now He is in class 10.

Now a small variety store was opened by his family. His mother sat there & sale the products. Our alternate aim is to facilitate the livelihood to the child. After leave our organization papun will taken care of his shop & became an earning member of his family.

Papun is became an example for others.
