

SANTOSHI MUNDA PROUD HER PARENTS

Before Intervention

The girl named Santoshi Munda belongs to Mashinajodi Village of Kendujhar District. She belongs to a tribal Community. She is a Cerebral palsy Child with associated condition CTEV she is the only child of her Parents. She belongs to a very poor Family. Her Father is daily labour by profession & Mother is a house wife. She is a Premature Baby. After birth she had delayed birth cry. She had delayed developmental milestone with her Ankle & foot CTEV.

Due to lack of Awareness & Education of her family members she was very much neglected by her parents & not getting any kind of medical services & treatment at early stages when she was 6yrs old her parents taken her for foot surgery but after that they couldn't provide any kind of physiotherapy exercise & treatment to the child that's why no changes occurred in the child's foot condition

The awareness camp of SADBHABANA held at Mashinajodi village in the year 2018 the child was identified by the team members of SADBHABANA, Keonjhar. Her parents convinced by our team members & then came to our centre with their child.

During Intervention

When she came to our centre she suffered from weakness in her lower limb & foot. Her Rt. Foot was in inverted Position. She was unable to one leg stand & difficult to run, jump, etc. She has no basic education. Though she is a CTEV with Cerebral palsy child our Therapist diagnose her & given treatment like Ankles foot Exercises, Hams stretching, sit to stand, one leg stand, jumping on the trampoline, strengthening exercises and maintain the proper positioning. Our special educators gave the education covers five areas like personal skills, social skills, academic skills, occupational skills & recreational Skills etc. Dance training given to the child by our special teachers & staffs

After 1 year 6 months of Therapeutic & special educational intervention now the child is able to do the following Works.

After Intervention

Now she is able to one leg stand, jump & run, able to cycling, do her ADL activities independently, her socialization skill also developed. Basic education like her name, colour concept, number concept, birds, fruits , days of the week etc.

After intervention of our organization we are able to remove the social stigma in which the entire family was before. We already facilitated her for disable pension, Banishree scholarship etc. She is able to perform different Dance & drawing competitions in various places inside & outside the district & got prizes. She got prizes in district level para Olympics & got prizes in different categories.

Now Santoshi is able to read in General School.
