## SADBHABANA ACTIVITY AT A GLANCE.....2022-23

Sadbhabana is an ISO (1900-2015) certified organization Regd. **Under Society registration Act 1860, PWD Act 1995, National Trust Act 1999, JJ Act and Income tax** that have been continuing its sincere efforts to bringing equality, social justice, and economic empowerment in the lives of the poor, downtrodden and specially Dibyangs, children, women and tribal of Odisha. SADBHABANA believes in principles like transparency, social audit system and participatory approach to make its objectives fruitful. Mainly it has concentrated on different action oriented programme and spends lots of time in generating awareness among the people. The major areas of its activities are.....

### Special School for Children with Intellectual Disabilities

Sadbhabana is running an institutional based rehabilitation center for children with Intellectual Disability named PRAYAS at Naranapur, Keonjhar since 2008. The main purpose is to make them independent and self sufficient citizens of the country and it also takes the key role in their lives to make them stand on their own feet. This is the only residential institution of its kind in the District, having the strength of 90 mentally. 6 nos of Special Educators and 8 nos of caregivers always engaged for the all round development of these Children With Special Needs. Regular health check ups and different therapies like

Physiotherapy, Speech Therapy and occupational Therapy, Dance & Music therapy, yoga, Martial art, etc are regularly provided to these children. Besides education we provide the children different activities of daily living skills, life skills & Recreational skills. To create

sporting sprit in their mind, every year annual sport is conducted by the school. During summer vacation our special educators visit the homes of the children and counsel the parents and train them how to take special care of their children and how to practice activities of daily living skills under home based disability management programme. A parents counseling center runs inside the school campus regularly for better result. Vocational products like phenyl,candles and agarbatti made by our children are exhibited every year at different fairs. This year our children are participated and awarded in various District, State and National level competitions.Different Local, National and International days are observe and also enjoy by the children and staffs .

## From Loss of Hope to a Blossoming Entrepreneur

29 years old Mamata Naik is a dwarf woman of Keonjhar district. Before she was identified by SADBHABANA's Community Based Rehabilitation (CBR) Programme back in 2020, Mamata was living a life of mere despair with low self-esteem. Due to the absence of school education, she lacked basic skills like counting numbers, measurement, colour concept and money identification & its uses, etc. Mamata was idly sitting at home with no financial contribution and gradually, she was being considered a liability upon her family. Being a marginal farmer,

she could barely make ends meet. Additionally, Mamata's physical condition and worries about her future increased the woes of her parents. They had completely lost their hopes on her.

Post-assessment of her condition, an intervention plan was prepared by SADBHABANA and door-step Special Education sessions were started on a regular basis by the teachers (Special Educators). Skills such as: money identification and its utilisation, making of small paper bags, mat making, watering & weeding of the plants were taught through the Special Education Programme.

After two years of continuous effort, now Mamata has shown improvement in her socialization skills, she is now able to identify and exchange money, can do measurement, recognize colours and can count numbers.

In the year 2022, Mamata opened a small shop in her village chowk

of Jansanpur with the financial assistance from SADBHABANA. She started selling daily use products like soaps, oil & shampoo pouches, spice packets, bangles, chocolates, snacks and stationery for the students of the nearby school. Eventually, she added sprouts and boiled eggs for the school students and passers by which earned her a good income. From Rs. 40/- per day during initial selling, Mamata is now earning Rs. 800-900/- in a day from her makeshift shop. As business grows, Mamata is planning to save Rs. 50/- per day as Recurring Deposit for her future. From the remaining money, she buys products for the shop and also contributes to everyday expenses of her family. As she is planning to expand the business, SADBHABANA is supporting her to set up a permanent wooden cabin shop in the chowk.

**With her sprouting entrepreneurial skills Mamata's business is rising with every single effort.**

**Mamata has expressed her gratefulness for SADBHABANA and said, "I had never thought of doing something on my own and earning so much. I had lost confidence and did not even think that I could be of any use to my family. Heartfelt thanks to SADBHABANA and its team for unearthing my hidden potential and making me a rural woman entrepreneur."**
